Retired Military, First Priority, and Military Twenty Plus accountholders qualify for the highest rate shown for each Certificate of Deposit term and the highest Savings Account rate. Direct Deposit Plus customers also qualify for the highest rate shown for each Certificate of Deposit term.

A Military Saves Account will be paid the highest rate shown for a savings account.

Interest begins to accrue on the banking day you deposit cash and non-cash items (for example, checks). We use the daily balance method to calculate interest. This method applies a daily periodic rate to the principal in the account each day.

The annual percentage yield (APY) assumes funds, including interest, will remain on deposit a full year or until maturity, whichever is greater. A withdrawal or fee will reduce earnings.

¹ The interest rate and APY on this account are subject to change at any time, without notice, after the account is opened.
